Hi Linda,

It is (Revised 4-10). Your cabinet made the cut.

Dina ;o)

Hi Mariah/Dina:

Do you know if we are supposed to believe the worksheet with the right-most tab (Revised 4-10) or the worksheet with the left-most tab (equipment-supplies)? Ie, the budget that includes the biosafety cabinet for STD lab or the one that doesn't?

Thanks,

Lh

Subject: BT Rollover

Please be aware that once the BT rollover is approved there will not be a lot of time left to put together your equipment orders. I suggest that based upon the last equipment list that you do your research and have your orders ready to go. I would say that it is particularly important for the large dollar items. Attached is the latest list.
